

**“Connecting Somalia to the World”**

# About The Company

Go Nova is a Somalia-based international logistics and supply chain solutions company dedicated to providing reliable, efficient, and globally connected transportation services. The company was established with a commitment to supporting businesses, humanitarian organizations, government institutions, importers, exporters, and international partners through comprehensive logistics solutions that connect Somalia to regional and global markets.

Go Nova specializes in integrated logistics operations covering land, ocean, and air transportation services. Through a highly responsive operational approach, professional coordination, and strong logistics expertise, the company delivers seamless cargo movement solutions tailored to the growing demands of international trade and supply chain management. With a strategic presence in Somalia and access to global transportation networks, Go Nova Logistics serves as a reliable logistics bridge connecting organizations across the five continents, seven seas, and the sky. The company's operations are built on reliability, responsiveness, operational efficiency, and customer satisfaction, enabling clients to move goods safely and efficiently across international borders.

# Our Core Values

## “From Land to Sea to Sky”

At Go Nova Logistics, our core values define who we are and guide every aspect of our operations. We are committed to reliability by consistently delivering dependable logistics solutions that our customers can trust. Integrity remains at the heart of our business, ensuring transparency, accountability, and professionalism in all our relationships and operations. We believe in operational excellence through efficiency, innovation, and continuous improvement to provide safe, timely, and cost-effective logistics services across land, ocean, and air transportation. Customer commitment drives us to understand the unique needs of every client and deliver responsive, tailored solutions that exceed expectations. We also value teamwork, global connectivity, and sustainable growth, enabling us to build strong partnerships and support international trade while contributing to economic development within Somalia and beyond.

# Our Commitment to Somalia's Economic Growth

“Building Connections Through Logistics”

As a Somalia-based Aviation and Logistics company, Go Nova Logistics is committed to supporting the country's economic development, trade expansion, and international connectivity. The company contributes to strengthening Somalia's supply chain infrastructure by facilitating the movement of goods, supporting businesses, and improving access to regional and international markets. Through reliable logistics solutions and professional transportation services, Go Nova helps organizations operate efficiently while supporting commercial growth and economic opportunities across Somalia and the Horn of Africa region.

# Industries We Serve

Go Nova Logistics provides professional logistics and supply chain solutions to a wide range of industries and sectors operating both locally and internationally. The company supports international trade and commercial businesses through efficient cargo transportation, warehousing, customs clearance, and distribution services. Go Nova Logistics also serves humanitarian organizations, government institutions, construction and infrastructure projects, oil and energy operations, healthcare and medical supply chains, retail and consumer goods companies, manufacturing industries, agricultural businesses, and aviation and maritime sectors. By understanding the unique operational requirements of each industry, the company delivers tailored logistics solutions designed to improve efficiency, ensure reliable cargo movement, and support uninterrupted business operations across Somalia, the region, and global markets.

# Our Services

## “International Multi-Modal Transportation.”

Go Nova Logistics provides comprehensive international multi-modal transportation services that combine land, ocean, and air freight into one coordinated logistics system. This integrated transportation model enables the company to deliver flexible, efficient, and cost-effective cargo movement solutions for clients operating across local, regional, and international markets. The company carefully manages cargo transfers between ports, airports, inland transportation routes, warehouses, and final destinations to ensure smooth logistics coordination and timely delivery.

## Ocean Freight Services

The company offers professional ocean freight solutions supporting both import and export operations. Go Nova Logistics manages Full Container Load (FCL), Less than Container Load (LCL), commercial cargo, project cargo, and specialized shipping requirements through reliable maritime transportation networks.

By working closely with shipping lines, port authorities, and international freight partners, the company ensures safe cargo handling, efficient scheduling, and dependable global shipping services connecting Somalia with major international trade routes.

# Sustainable Logistics Practices

At Go Nova Logistics, sustainability is an important part of our logistics operations and long-term business strategy. The company is committed to implementing sustainable logistics practices that improve operational efficiency while reducing environmental impact. Through optimized transportation planning, efficient route management, cargo consolidation, and responsible resource utilization, Go Nova Logistics and aviation works to minimize fuel consumption, reduce unnecessary emissions, and improve overall supply chain performance. The company also promotes safe cargo handling, efficient warehousing operations, and environmentally responsible transportation methods across land, ocean, and air logistics services. By integrating sustainability into our daily operations, Go Nova Logistics aims to support global trade, protect the environment, and contribute to long-term economic and social development within Somalia and the international logistics industry.

# Safety and Security

At Go Nova Logistics, safety and security are fundamental priorities in every aspect of our logistics operations. The company is committed to maintaining the highest standards of cargo protection, transportation safety, operational compliance, and risk management across land, ocean, and air freight services. We implement strict safety procedures, secure cargo handling practices, and professional operational controls to ensure that shipments are transported safely, efficiently, and without compromise. Our team continuously works to minimize operational risks, protect customer goods, and maintain secure supply chain processes through careful planning, trained personnel, and reliable logistics coordination. Go Nova Logistics remains dedicated to creating a safe working environment, safeguarding client cargo, and delivering dependable logistics solutions that customers can trust both locally and internationally.

# Customer Satisfaction Guarante

At , customer satisfaction is at the center of everything we do. We are committed to delivering logistics solutions that meet the highest standards of reliability, efficiency, safety, and professionalism. Our company understands that every shipment is important, and we work tirelessly to ensure cargo is transported securely, delivered on time, and handled with the utmost care throughout every stage of the supply chain process.

We guarantee responsive customer support, transparent communication, and tailored logistics solutions designed to meet the unique operational requirements of each client. Through our experienced logistics team, strong global network, and commitment to operational excellence, Go Nova Logistics continuously strives to exceed customer expectations while building long-term partnerships based on trust, reliability, and performance. Our dedication to customer satisfaction drives us to provide seamless logistics services across land, ocean, and air transportation, ensuring our clients receive dependable support across the five continents, seven seas, and the sky.
